/waɪn/

noun

noun: **wine**; plural noun: **wines**

1. an alcoholic drink made from fermented grape juice.

The Wine Pairing

Peter, Harry and Ed in collaboration with our kitchen team have created a unique wine pairing to accompany your menu.

The interaction between food and wine can alter our perception of taste. Our wine pairing selections take advantage of this effect to enhance your experience of both food and wine.

We believe the most effective wine pairings will balance, harmonise or amplify the flavours of the dishes and the characteristics of the wine, adding an extra dimension to your dining experience.

The wine pairing gives you the chance to explore a range of fascinating wines from around the world if you are feeling either adventurous or indecisive!

Each course will be served with a 70ml or a 50ml measure of wine, except for your main course which will be served with a larger 125ml measure.

Our sommelier team is on hand to discuss all of your wine options

The team have chosen...

We have asked the team to choose their dream wines: the wines they would love to drink with dinner if they came and dined here at Restaurant Sat Bains and we have decided to make them a little more approachable for you to enjoy them.

We hope you will share our taste!
